Speed-Date Producer/Seller Registration

Are you a seller?

For the Speed-Date event, “sellers” are anyone who is interested in selling a Meramec Region-produced product or service in volume. This event is intended for commercial buyers, not individual consumers, so sellers should be those interested in picking up accounts for large volumes.

Each seller will be provided with a 5-foot round table to display your products. Bring business cards and information for buyers.

Registration deadline is November 27, 2020:
